

# Ernie Crist Memorial Lecture Presented at the 2025 Mid-Atlantic Fruit and Vegetable Conference 2025

**Win Cowgill**

*Professor Emeritus Rutgers Univ. and Owner Win Enterprises International*

Was given by Dr Jay Subramanian at the [Mid-Atlantic Conference](#) February 1, 2025. Dr Jay gave an excellent presentation on New peach cultivars for the northern climates from his breeding program at the University of Guelph, Ontario, Canada.

A certificate of appreciation was presented by Win Cowgill (Photo 1), business manager of the NJ State Horticultural Society in Hershey, PA at the CONFERENCE session.

In addition to the certificate (Figure 1) Dr. Subramanian received a stipend of \$500 from the NJSHSociety. Donations to the society from our members support this event in honor of our friend and mentor, Professor Ernie Christ, for the full history of this award and lecture see: <http://www.horticulturalnews.org/100-2/a8.pdf>

## **Toro Tempus Ag Controller, a revolution in automation**

The toro tempus ag controller allows for full farm automation. Tempus Ag uses a LoRA radio signal to create a bubble which allows for system automation. 1 base station produces a LoRa bubble of 5,200 feet in diameter. Multiple base stations can be added to cover large areas over one network for the entire application. The base stations can be operated on Wi-fi or with a 4G wireless signal. It can run irrigation cycles as well as collect environmental data, allowing growers to adjust their irrigation schedules as needed. Tempus Ag can report on a variety of sensors; temperature, pressure, soil moisture, humidity and more. Tempus can send alerts via text or email at thresholds determined by the user. Call us to design your custom system.

**RAS-Rotary Mower.** Ideal for mowing orchard rows.

**SLR-Sucker Remover**  
Great for sucker and weed control.

**Sweeper**  
Ideally for keeping under the trees clean for PYO.

**Shredder/Flail Mowers**  
Ideal for chipping brush, managing field edges, handling cover crops
